HOSPITAL · LETTER

"Among the most reliable and skilled electrophysiologists we have worked with - patient outcomes consistently above the regional benchmark."

Liverpool Heart and Chest Hospital

Medical Director

[Read full letter !'](#)

HOSPITAL · LETTER

"Professor Gupta's leadership of our LAA occlusion service has set the standard others now measure themselves against."

Royal Brompton Hospital

Institute of Cardiovascular Medicine

[Read full letter !'](#)

HOSPITAL · LETTER

"His proctoring has materially raised the quality of complex ablation work across our cardiology unit."

St Bartholomew's Hospital
Cardiology Department
Read full letter !'
HOSPITAL · LETTER

"A clinician of rare calibre - operating at the intersection of high-volume practice, rigorous research and patient-centred care."

University of Liverpool
Faculty of Health and Life Sciences
Read full letter !'
HOSPITAL · LETTER

"His contribution as Senior Lecturer has shaped how a generation of trainees approach atrial fibrillation."

Imperial College London
National Heart and Lung Institute
Read full letter !'
HOSPITAL · LETTER

"Professor Gupta's published complication rate places him firmly in the top echelon of UK electrophysiologists."

British Heart Rhythm Society
Council

PATIENT

"After years of being told my palpitations were "just stress," Professor Gupta listened, ran proper tests, and treated me. I haven't had an episode in two years."

R. K.
Treated 2023 · Mumbai
PATIENT

"He explained my AF in a way I could finally understand. Three languages, no jargon, no rush. The procedure went exactly as he described."

S. Mehta
Treated 2024 · London
PATIENT

"My father is 76 and we were terrified. The professor took an hour with us - an hour. He treated my dad like a person, not a case number."

Anonymous, daughter of patient
Treated 2024
PATIENT

"Genuinely the kindest doctor I have ever met. And the best - my flutter is gone after eight years of beta-blockers that never quite worked."

P. Nair
Treated 2023
PATIENT

"I came from Delhi for my consultation expecting a cold London hospital. Got something completely different - felt like sitting with a family doctor who happens to be world-class."

V. Sharma
Treated 2024
PATIENT

"My ablation was nine months ago. Heart rhythm has been steady since the day I went home. I'd waited fourteen years for this."

J. Bhattacharya
Treated 2024
PATIENT

"He spoke to my mother in Hindi and to me in English in the same conversation. That seems like a small thing - until you've spent years translating for an elderly parent in clinics."

R. Ahuja
Treated 2023
PATIENT

"Followed up with me by email three weeks after the procedure to check how I was. Three weeks. Unprompted."

M. Kapoor
Treated 2025
PEER

"Dhiraj is among the operators I would refer my own family to without a second thought. His judgement on borderline cases is exceptional."

Prof. G. Lip
Liverpool Centre for Cardiovascular Science
PEER

“One of the most thoughtful electrophysiologists in Britain. His VISTAX trial work has changed how a number of us approach pulmonary vein isolation.”

Dr M. Duytschaever
AZ Sint-Jan Brugge, Belgium
PEER

“Combines the rigour of a researcher with the calm of a senior surgeon. The patients I send him come back better - and remember the experience.”

Mr R. Snowdon
Liverpool Heart and Chest Hospital
PEER

“Working with Dhiraj on multicentre trials has been the highlight of my decade. He raises the standard of every team he sits in.”

Dr J. Andrade
University of British Columbia
PEER

“Genuinely one of the few clinicians whose name brings my whole arrhythmia MDT to attention when his cases come up.”

Dr R. Whitlock
McMaster University
PEER

“A consummate clinician. The thing that distinguishes Dhiraj is how seriously he takes the question after the question - what really matters to this patient.”

Dr J. Waktare
Liverpool Heart and Chest Hospital
The Indian Express
27 March

“Global heart rhythm expert conducts free training at PGIMER”

“I am using the opportunity to perform complex cases in five cities and train local cardiologists in these procedures.”

Prof. Gupta
quoted in The Indian Express
The Tribune
26 March

“UK cardiologist kicks off India tour from PGIMER”

“Performing the costly procedures without taking "a single paisa" from patients or hospitals - even bearing his own travel expenses.”

The Tribune
Reporting in The Tribune
The Pioneer
March 2025

“UK Heart Rhythm Expert Begins India Tour from Chd”

“A philanthropist and proud alumnus of PGIMER Chandigarh and AIIMS New Delhi... reflecting his commitment to expanding access to advanced cardiac care.”

The Pioneer
Reporting in The Pioneer
Punjab Kesari
March 2025

“Global heart expert to give free treatment, train doctors across India”

“As a proud alumnus of PGIMER Chandigarh and AIIMS New Delhi, I have retained strong professional and personal links with India.”

Prof. Gupta
