Dear Prof. Dhiraj Gupta,

Date- 10-04-2026

On behalf of the Department of Cardiology, VMMC & Safdarjung Hospital, New Delhi, we would like to extend our sincere gratitude for your visit on 29th October 2025 and for conducting the highly informative and engaging workshop at our institution.

We are honoured to have hosted you in your capacity as a full-time Consultant Cardiologist and Electrophysiologist at the Liverpool Heart and Chest Hospital (LHCH), UK.

We especially appreciate your guidance during the live procedural sessions, including three atrial fibrillation ablation cases, of which two were complex cases in patients with rheumatic heart disease following mitral valve replacement. In addition, your academic lecture on atrial fibrillation ablation was highly insightful and greatly appreciated by our DM Cardiology students.

Your expertise, teaching, and willingness to share your experience have significantly enriched our academic environment.

We deeply value your support and collaboration, and we look forward to continued academic interactions in the future.

With warm regards,

Dr. Anunay Gupta
Professor
